ebiz-trader 7.5 manged

This license is aimed at customers who want to start a marketplace quickly and professionally.

We take a close look at your project and work with you to make all the necessary system settings. We will provide you with suggestions on how a successful pricing model can look and set up the necessary user groups and memberships for you. We will also take over the integration of the categories and show you how you can create suitable search masks and input fields.

After completion, you will hand over your marketplace ready-made and familiarize you with the operation of the marketplace.

With this license the buyer receives the right to install ebiz-trader on a project.

During the course of the program, visually perceptible copyright notices (logo including link in the footer) may be removed.
